

Rabbi Dov Lior:

**Gentile sperm leads to barbaric offspring**

Sefer HaChinuch (a book of Jewish law) states that the character traits of the father pass on to the son. If the father is not Jewish, what character traits could he have? Traits of cruelty, of barbarism! These are not traits that characterize the people of Israel. A person born to Jewish parents, even if they weren't raised on the Torah - there are things that are passed on to him in the blood, it's genetic. If the father is a gentile, then the child is deprived of these things. I even read in books that sometimes the crime, the difficult traits, the bitterness - a child that comes from these traits, it's no surprise that he won't have the qualities that characterize the people of Israel.

**Gentiles were born only to serve the Jews**

Goyim were born only to serve us. Without that, they have no place in the world - only to serve the People of Israel. In Israel, death has no dominion over them... With gentiles, it will be like any person - they need to die, but [God] will give them longevity. Why? Imagine that one's donkey would die, they'd lose their money. This is his servant... That's why he gets a long life, to work well for this Jew. Why are gentiles needed? They will work, they will plow, they will reap. We will sit like an effendi and eat... That is why gentiles were created.

IDF Chief Rabbi Col. Eyal Karim:

**Jewish soldiers should rape gentile women during the time of war**

The rabbi gave a more shocking answer on the same site when asked if soldiers were permitted to rape women during war. Karim replied that, as part of maintaining fitness for the army and the soldiers' morale during fighting, it is permitted to "breach" the walls of modesty and "satisfy the evil inclination by lying with attractive Gentile women against their will, out of consideration for the difficulties faced by the soldiers and for overall success.

**The gentiles will want to be our slaves.**

Being a slave to a Jew is the best. They're glad to be slaves, they want to be slaves. Instead of just walking the streets and being stupid and violent and harming each other, once they're slaves, their lives can begin to take shape. All around us, we are surrounded by peoples with genetic problems. Ask a simple Arab 'where do you want to be?' He wants to be under the occupation. Why? Because they have genetic problems, they don't know how to run a country, they don't know how to do anything. Look at them. Yes, we're racists. We believe in racism. There are races in the world and peoples have genetic traits, and that requires us to try to help them. The Jews are a more successful race.
